

Guide to adding payment method

You can link up to 3 payment methods to the Rejsekort app.

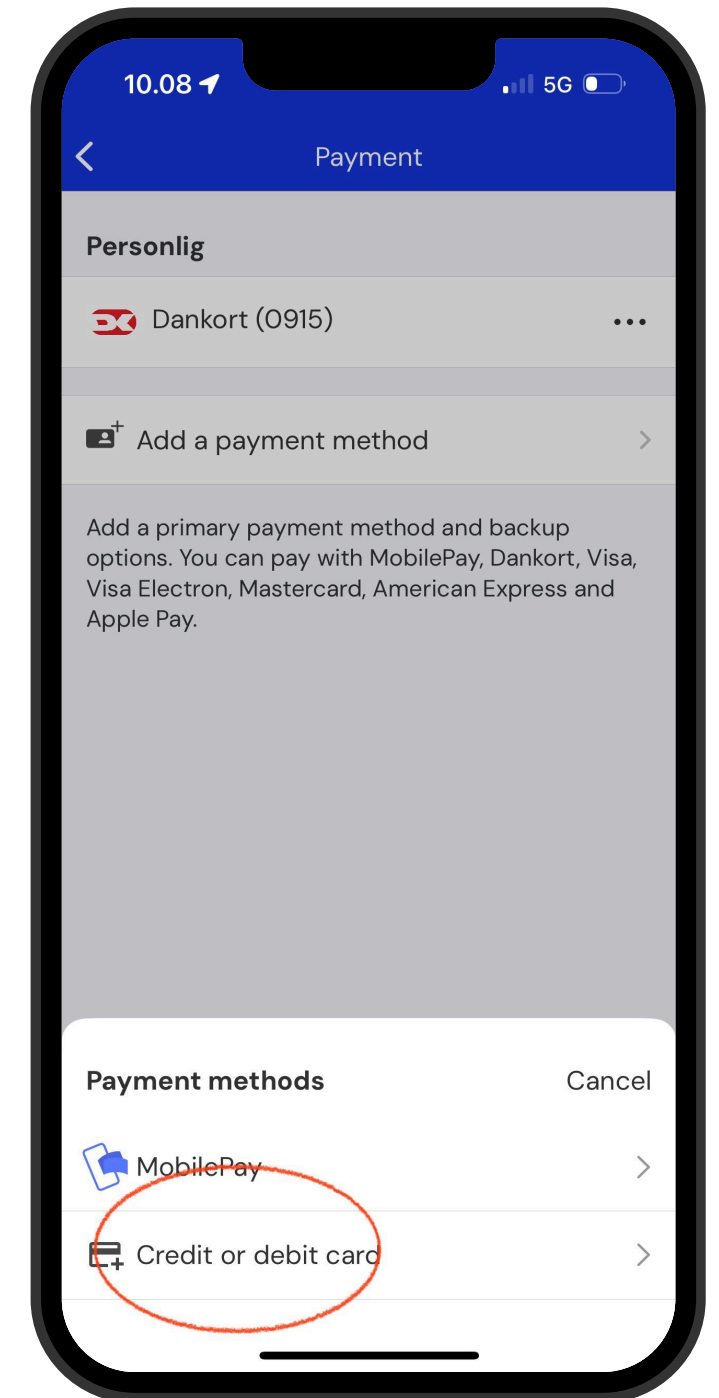

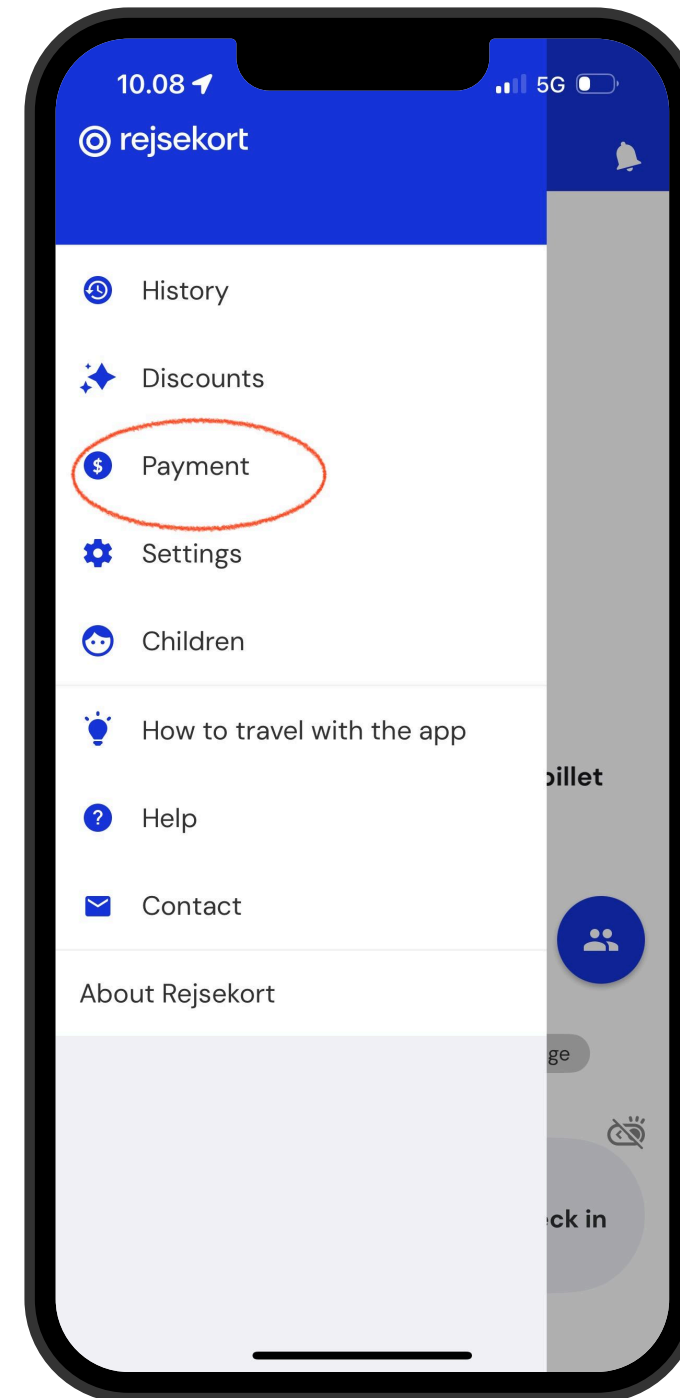

You create and edit your payment details under Payment, located in the menu (the three lines in the top left corner of the app).

- 1 Credit or Debit card
- 2 Apple Pay
- 3 MobilePay

Add Credit or Debit card

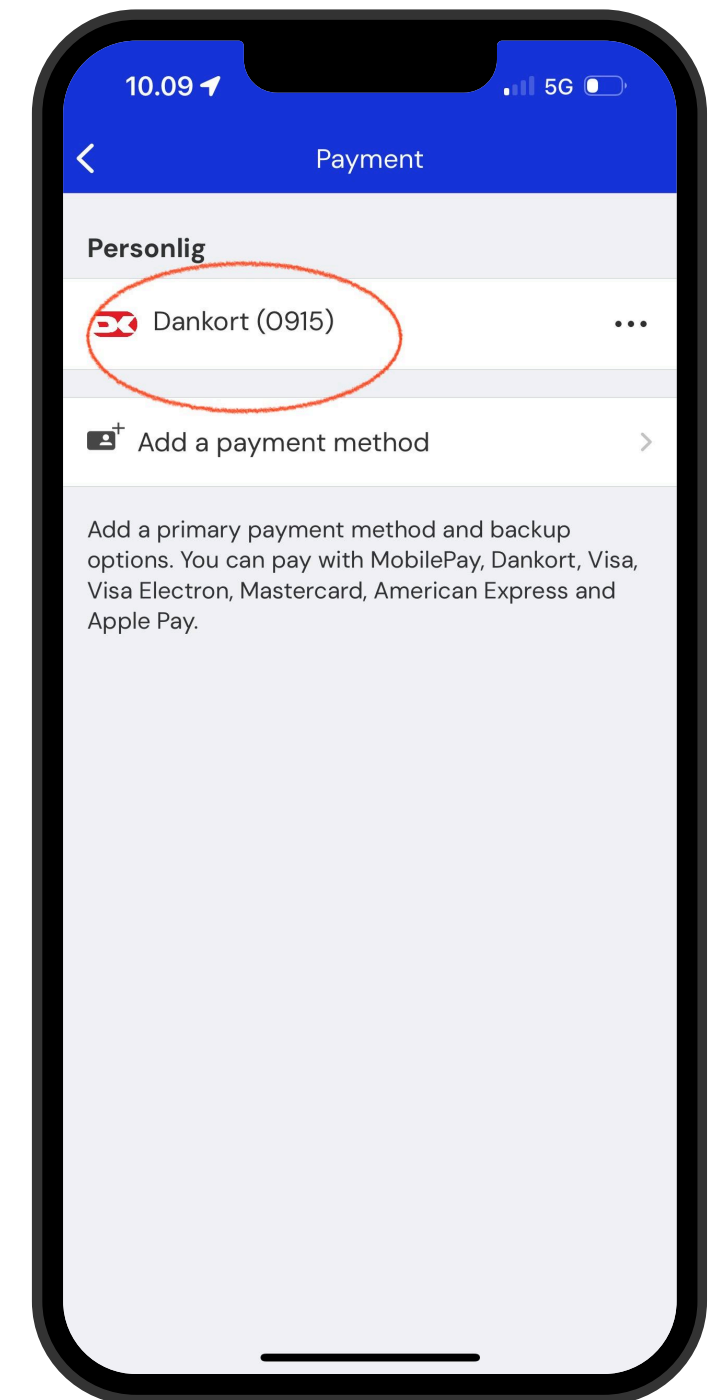

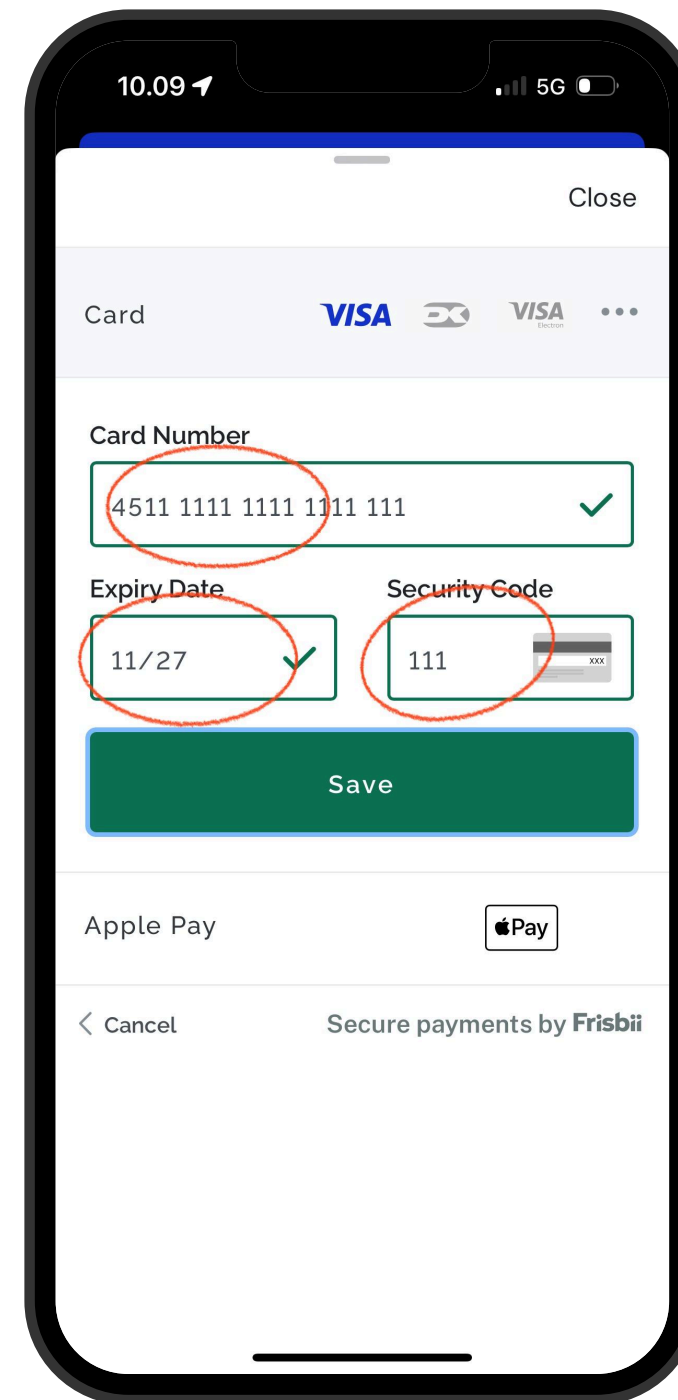

In the menu (the three lines in the top left corner of the app), click on 'Payment'.
Then select 'Credit or Debit card' in the box at the bottom of the page.

Enter card information

Enter the required information and click 'Save'.
Follow the instructions for MitID authentication.

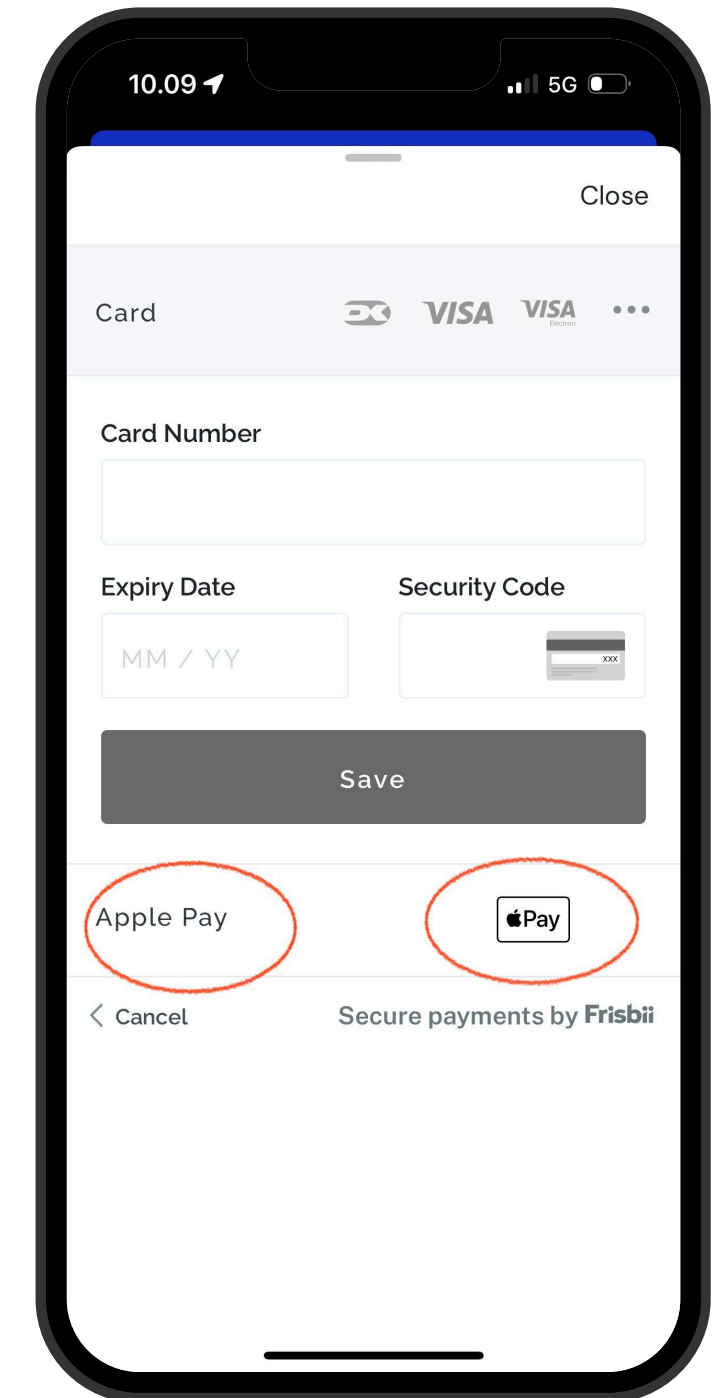

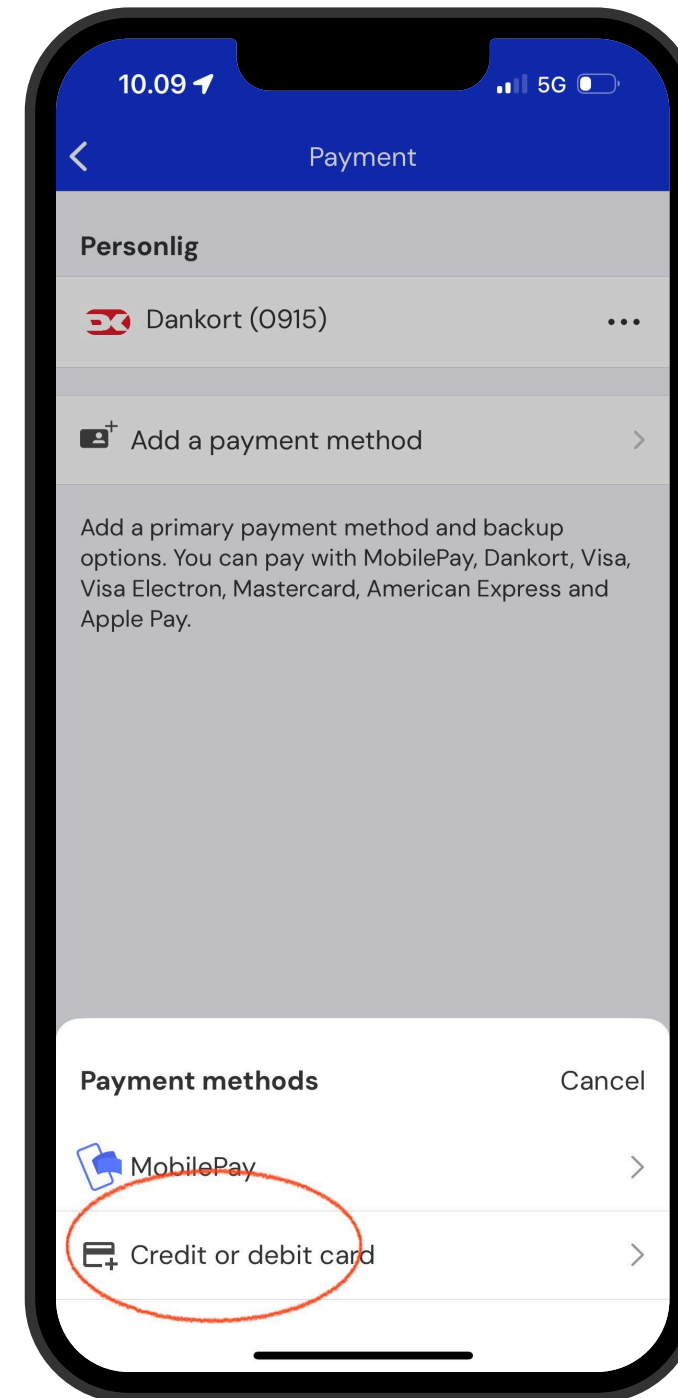

You have now added your preferred payment card.

Add Apple Pay

Click on 'Payment' in the menu (the three lines in the top left corner of the app), and select 'Credit or Debit card' in the box at the bottom of the page.

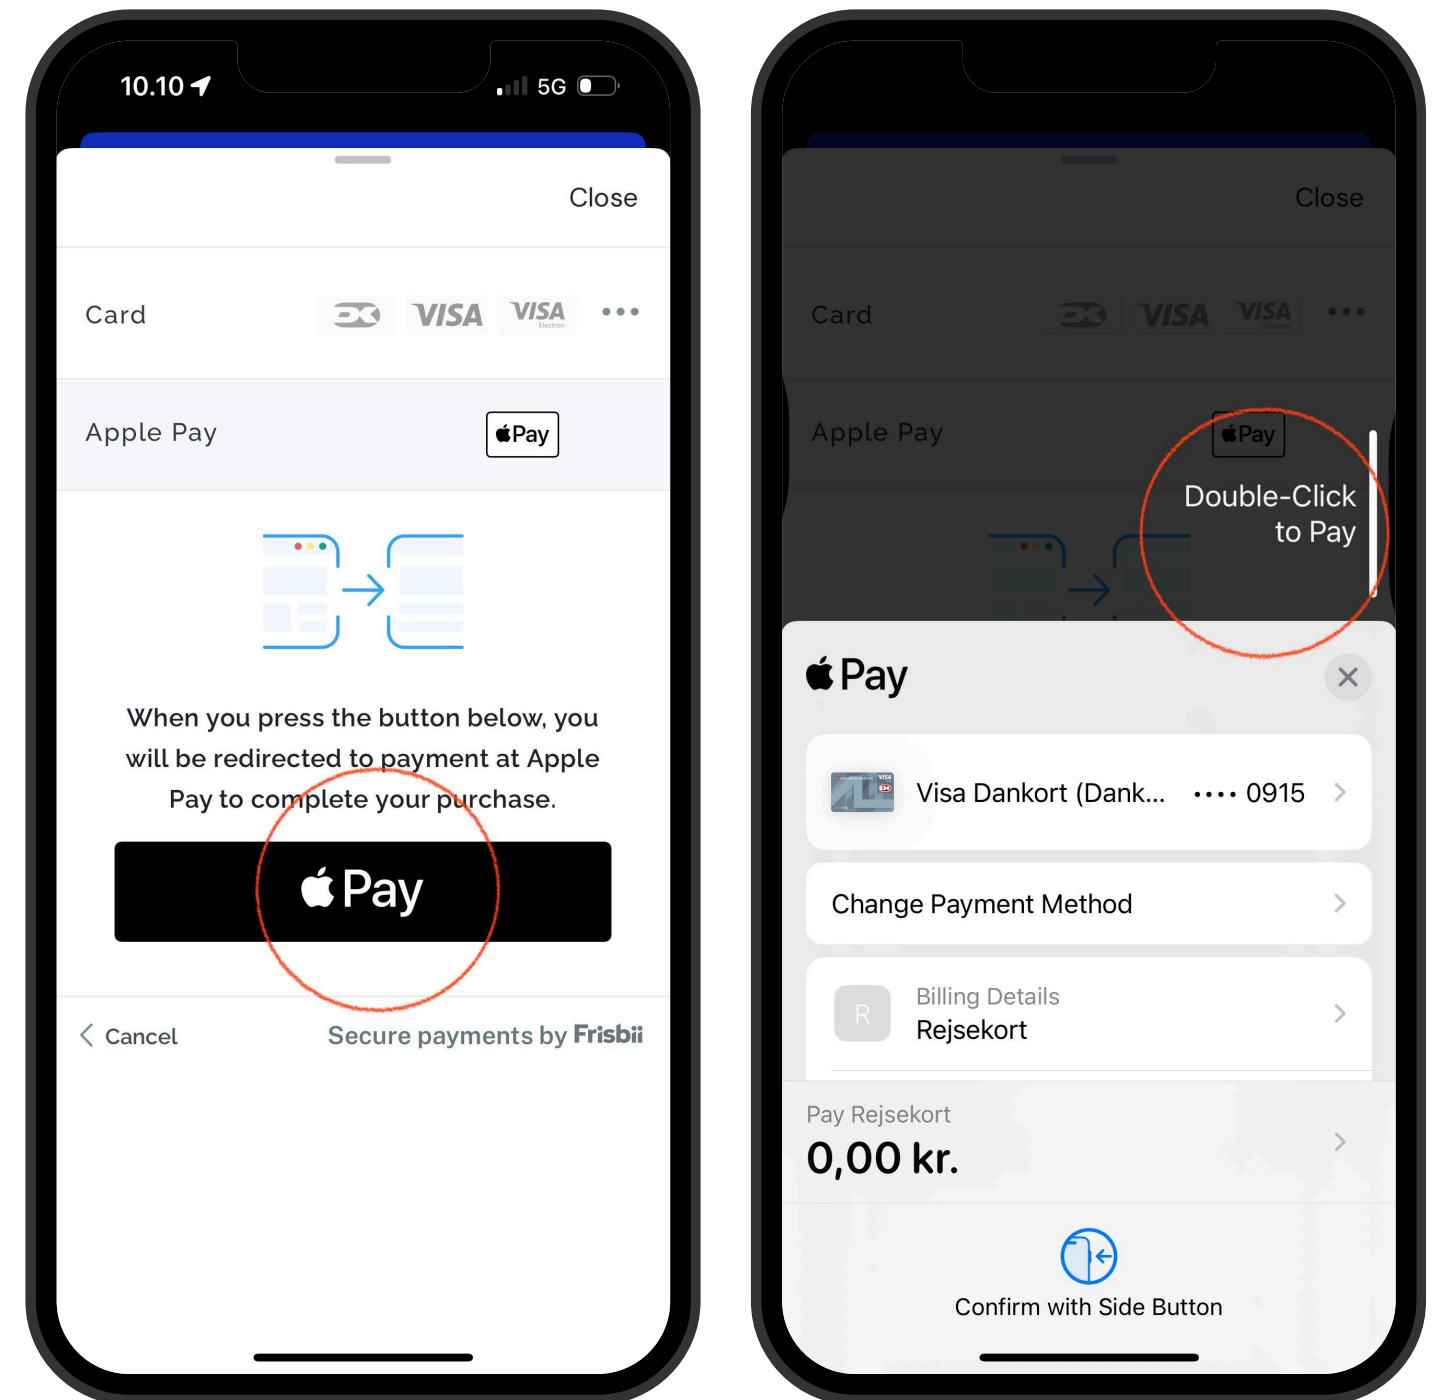

At the bottom of the next page, you'll find Apple Pay. Click the icon on the right.

Adding payment method

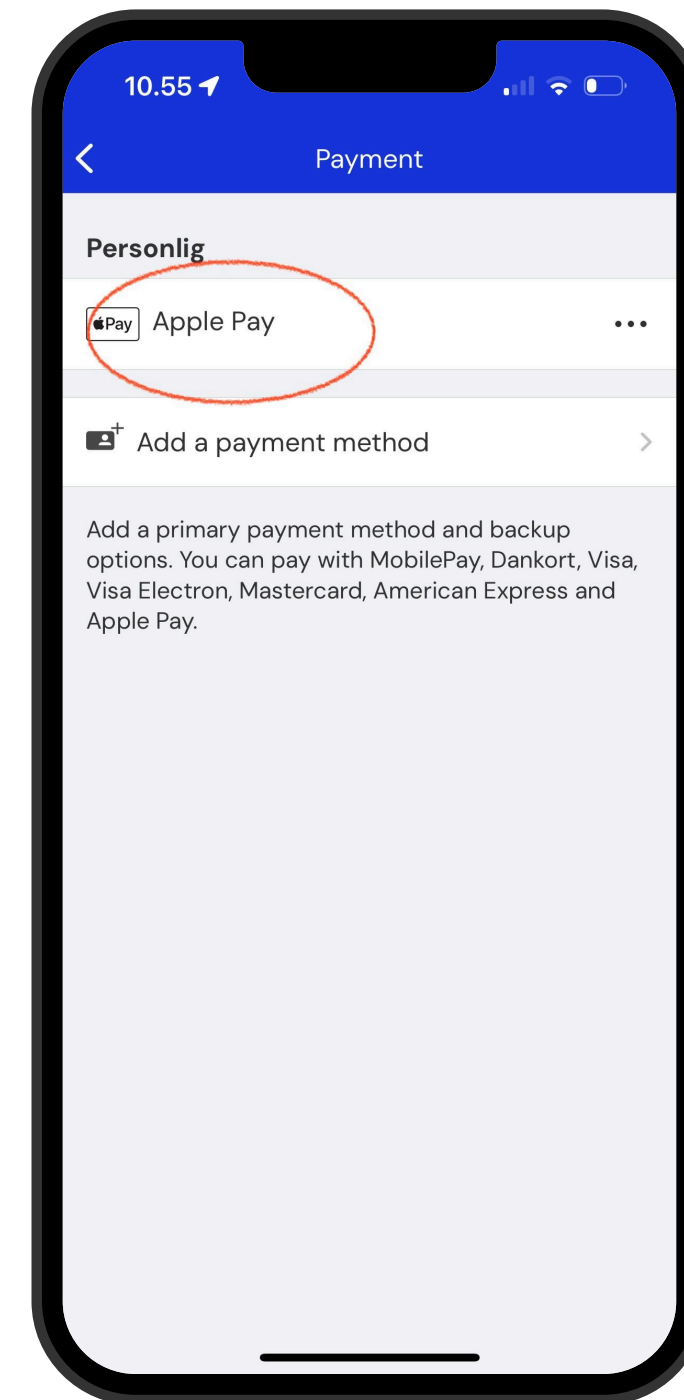

Click on the Apple Pay logo.

Double-click the side button on your phone.

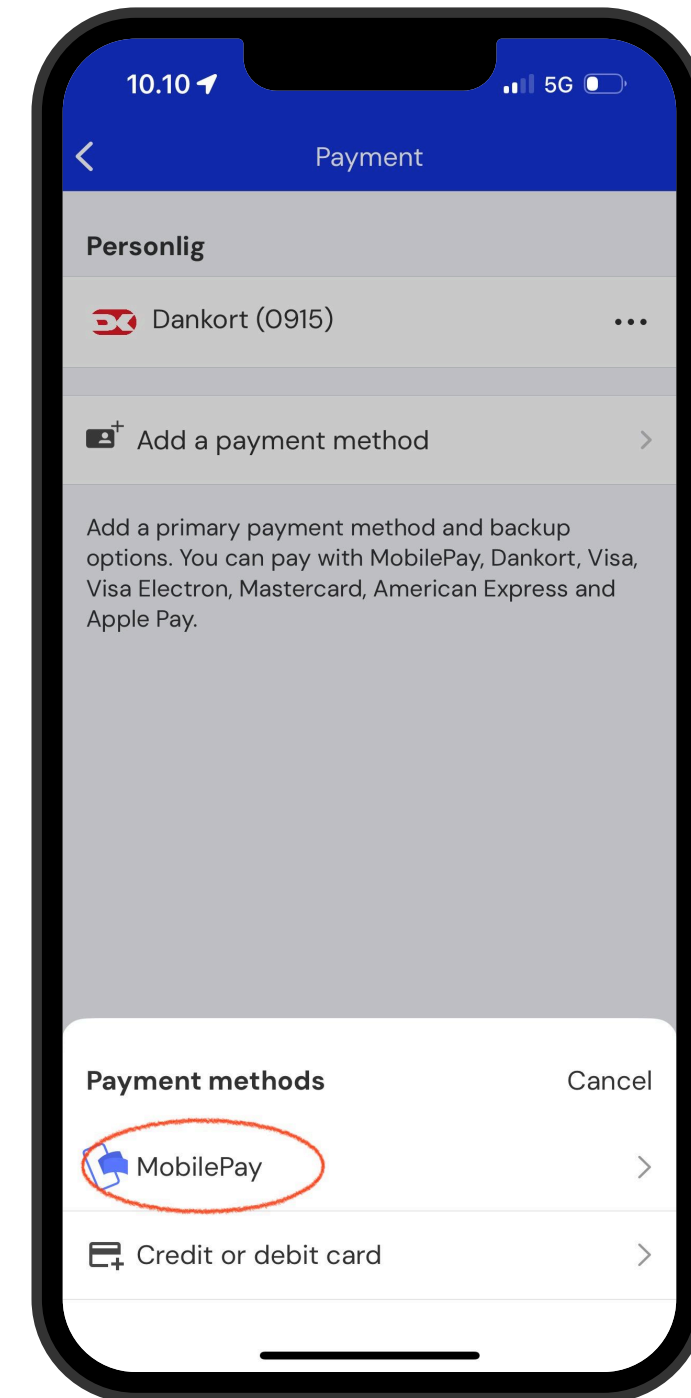

Adding payment method

You have now added Apple Pay to your Rejsekort app.

Add MobilePay

Click on 'Payment' in the menu and select 'MobilePay' in the box at the bottom of the page.

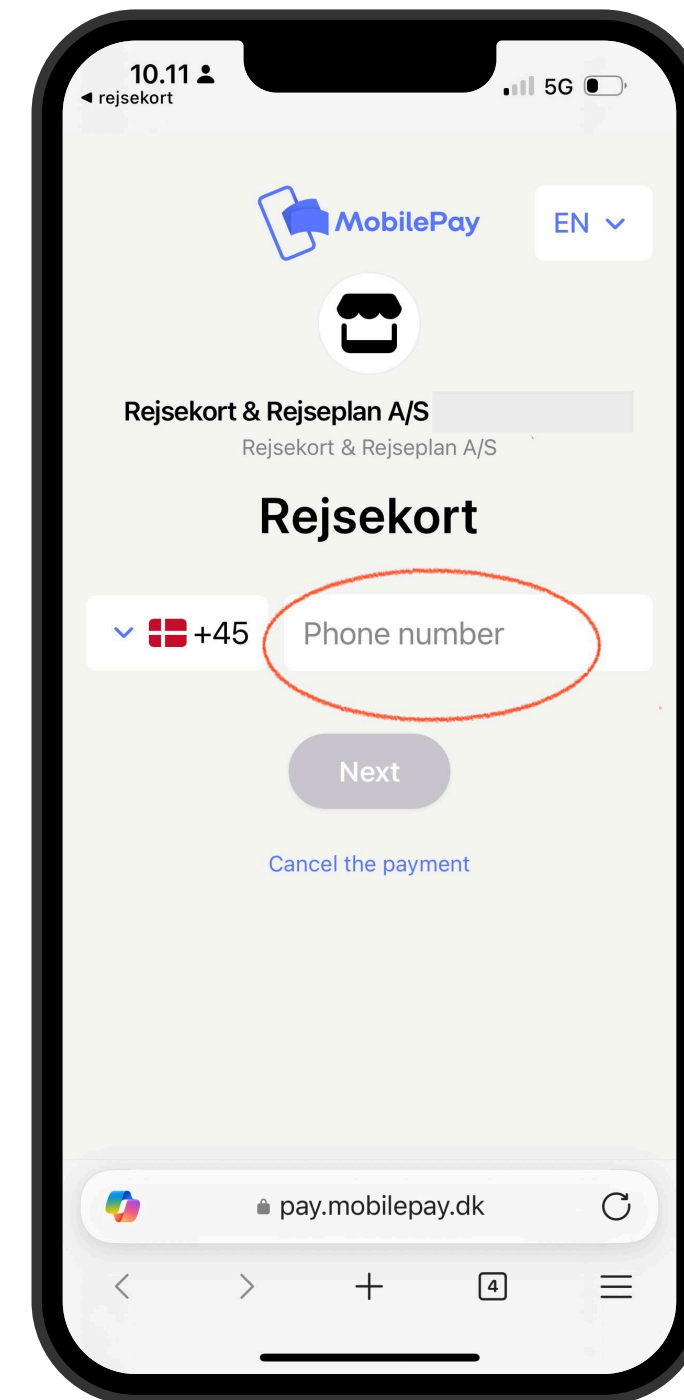

Adding payment method

Enter the phone number linked to your MobilePay account.

Click Next to open the MobilePay app and complete the setup.

You add MobilePay to your Rejsekort app by swiping on 'Confirm and start'. Then close MobilePay and reopen the Rejsekort app.

Adding payment method

MobilePay has now been added as a payment method in your Rejsekort app.

Safe journey!
